CHAPTER ONE (General Rules)

(Applies to all styles and classes)

Note: In case of discrepancy between general rules and special rules, the special rules shall prevail.

I. ENTRY RULES

1. Eligibility

1.1. Entries

- 1.1.1 An entry for a race shall be submitted prior to the start of the race, subject to entry deadlines as determined by the organization.
- 1.1.2 The organization may reject any entry for just cause.
- 1.1.3 A liability insurance is mandatory for drivers and handlers covering the risks of sleddog racing and all consequences.
- 1.1.4 Entry for minor driver (usually below 18 years old) shall be co-signed by parents or guardians. With their signature they declare that they are of opinion that the minor driver is capable to participate in the total event and to safely cover the trail in the applicable class as established by the organizer. Consequently, their signature is a waiver through which they hold the organizer harmless regarding any claim, liability, any other expenses or accusations relative to the fact that the driver concerned is not an adult.

1.2. Claim

- 1.2.1 The competitor shall hold the organizer(s), judges, officials, sponsors, co- sponsors and other contributors to the organizer, (as distinguished from the individual competitor’s sponsor) harmless from any claim or demand, based on any alleged action or non-action by the competitor, his/her dogs, agents, or others acting

on his/her behalf. The competitor shall also release the organizer, judges, officials, competition sponsors, their agents and employees from any claim or demand resulting from injury to the competitor, his/her dogs, or property, including but not limited to lost or dropped dogs and misplaced food and supplies.

1.2.2 Furthermore, the organizer has the unqualified and unrestricted authority with regards to pictures and the gathering of information on the competition and all participants involved, as well as to the use of such pictures and information for advertising, public relations or any other publicity purpose related to the competition.

2. Drivers

2.1 The driver starting a team in the first heat of a race shall drive that team throughout the race.

2.2 A change in driver can only be made once and only as the result of illness or injury to the authorized entrant and must have the approval of the Race Marshal. The substitute driver shall drive the team throughout the race.

2.3 Age of competitors:

2.3.1 In Nome style Sprint classes, (including sprint stage events), and in Dryland classes, the minimum and maximum ages shall be:

2.3.1.1 Senior classes: 16 years and above

2.3.1.2 Junior classes: 14 to and including 16 years (A 16 year-old competitor may choose to run in the senior class. That decision will apply to all the Nome style classes).

2.3.1.3 Veteran class (Canicross only): 40 years and above. Canicross veteran competitors may request to compete in the corresponding canicross senior class.

2.3.2 In Nordic style sprint events, the minimum and maximum ages shall be:

2.3.2.1 Senior classes: 19 years and above

2.3.2.2 Junior classes: 17 to and including 20 years (A 19 or 20 year-old competitor may choose to run in the senior class. That decision will apply to all the Nordic style classes).

2.3.3 In distance classes (including distance stage events) the minimum age for all competitors shall be eighteen (18) years.

2.3.4 Special rules for the different styles may define further age requirements or limitations or modify the age limits to meet the local practice.

2.4 Any driver disqualified in any heat of the race is not eligible to compete in the remainder of the race.

2.5 Drivers should attend the drivers' meeting held prior to the start of Sprint and Nordic style races.

Drivers shall attend the drivers' meeting held prior to the start of the Distance races as well as any other meeting officially announced. The Race Marshal may waive this rule if a competitor is delayed due to unforeseen circumstances. However, in this case, the driver is responsible for obtaining a briefing from officials prior to the start of the competition.

3. Dogs

3.1. Any team or dog coming to the starting line which, in the opinion of the Race Marshal, is unfit or incapable of safely completing the trail, shall be disqualified.

3.2. Any team or dog not starting the first heat of the race shall not be eligible to compete in the remainder of the race.

3.3. Any team or dog disqualified in any heat of the race is in no case eligible to compete in the remainder of the race.

3.4. Eligibility of dogs is not restricted to certain breeds.

3.5. Dogs participating in a race must be at least twelve (12) months old. However, in certain classes a minimum age of 18 months is dictated.

3.5.1 Dryland: 18 months in the Bikejoring classes, 12 months in the other classes.

3.5.2 Sprint: 18 months in the Unlimited class, 12 months in the other classes.

3.5.3 Nordic Style: 18 months.

3.5.4 Distance classes: 18 months.

- 3.6 Any dog having raced in one class of a race shall not be eligible to race in another class on the same day unless that other class is a skijoring relay or canicross relay.
- 3.7 Dogs may be required to undergo a physical examination by a race veterinarian in order to be allowed to start.
- 4. Disease
 - 4.1 No dog or equipment shall be brought from a kennel where rabies, distemper, hepatitis, leptospirosis, or any other contagious disease exists.
 - 4.2 If the Race Veterinarian diagnoses any dog present in the race area to have a contagious disease, that team shall be disqualified and shall immediately leave the race area.
- 5. Identification
 - 5.1. In races of more than one heat, each dog shall be marked for identification prior to the start of the first heat of the race.
 - 5.2. Dogs dropped from teams after the first heat of a race involving more than two (2) heats, shall be marked a second time to indicate their disqualification to run in subsequent heats or, in case the marking is performed via chipping, the responsible official shall make a note on the applicable chip list.
- 6. Medications administered to Dogs and Drivers
 - 6.1. Prohibited Drugs and Drug Testing
IFSS Doping Rules, IFSS Procedural Guidelines for Doping Control and the IFSS List of Forbidden Substances and Methods for Dogs shall apply.
 - 6.2 At races, no one is allowed to perform any medical treatment to the dogs without authorization by the official race veterinarian.
- 7. Equipment
 - 7.1. Inspection
 - 7.1.1. Drivers, teams and equipment shall be available for inspection in the stake-out or vehicle holding area at least ten (10) minutes before their scheduled time of departure.
 - 7.1.2. A team in harness shall not be required to stand for inspection longer than six (6) minutes before the scheduled time of departure.
 - 7.1.3. Inspection shall take place in an area that does not interfere with starting and finishing teams.
 - 7.1.4. A team shall be available for inspection after each heat at the request of the Race Marshal or the designated Race Judge.
 - 7.2. All equipment is subject to the approval of the Race Marshal. However, the competitors themselves are responsible that their equipment meets the requirements as per the rules and regulations.
- 8. Other Equipment.
 - 8.1. A muzzle or a collar that can be hooked as a full choke shall be prohibited.
 - 8.2 Whips are forbidden.
 - 8.3. A racing number for each driver shall be provided by the race-giving organization. The driver shall display this number on his/her person throughout the race, unless otherwise authorized by the RM.
- 9. Finish Time Disqualification (Optional)
An eventual time disqualification shall be noted on the entry form, or in the invitation, indicating for which classes it shall apply.

II. START-FINISH RULES

- 10. Drawing
 - 10.1. In races with single or dual starts, the starting positions for the first heat of a race shall be determined by a drawing held prior to the race at a time and place designated by the organizer. Unless specifically defined in the rules and regulations or other applicable documents, the organizer is free to decide in which way the drawing shall be performed and if drivers shall attend or be represented.

- 10.2. In case the organizer decides that drivers or team leaders shall attend the drawing, the drivers, their team leader or designated proxy of each team may draw their own starting position. In their absence, the starting position may be drawn by the Race Marshal or his/her representative. If the drivers or the team leaders agree, the drawing could also be performed via an at-random computer method, with, per class, a team leader or a driver pushing the button.
 - 10.3. The order of the draw shall not be changed, either by addition or substitution. Late entries shall be added in order of receipt.
11. Single Start Race
- 11.1. The first day's starting positions shall be determined by the draw with Number 1 starting first, Number 2 starting second, etc.
 - 11.2. The second day's starting positions shall be determined by the first day's times, with the fastest teams starting first, the second fastest team starting second, etc.
 - 11.3. In races of more than two heats,
 - 11.3.1. The elapsed time of the previous single heat shall determine the starting positions with the fastest team starting first, the second fastest team starting second, etc.
 - 11.3.2. At the option of the organizer, in distance races (including distance stage races), the starting positions may be determined by the reverse of the elapsed time of the previous single heat (reverse start).
12. Dual Start Race
- 12.1. The first day's starting positions shall be determined by the draw with Numbers 1 and 2 starting together first, Numbers 3 and 4 starting together second, etc.
 - 12.2. The second day's starting positions shall be determined by the first day's times.
 - 12.3. In races of more than two heats, the elapsed time of the previous single heat will determine the groupings and starting positions, with the fastest teams in each group starting first, etc.
13. Equal Times
- 13.1. If the elapsed time of two teams is identical, the order of start for those teams shall be the reverse order in which they started in the preceding heat.
 - 13.2. Teams with equal times for the entire race shall be awarded the higher finishing position.
 - 13.3. The purse for the tied place and the next lower place(s) shall be combined and divided equally among those teams tied for that place.
14. Mass Start and Pursuit Start
- 14.1. At the option of the organizer, mass start or pursuit start may be organized for specific classes and/or specific heats.
 - 14.2. Mass start:
 - 14.2.1. All participants of the same class start at the same time on the same starting line. If the number of participants makes it impossible to place all participants on one starting line, a second or more starting lines shall be added.
 - 14.2.2. The starting area shall have one starting track per team. The distance between the starting tracks should be approximately 2 meters. The length of the starting tracks should be approximately 80 meters and shall end at a marked line.
 - 14.2.3. There shall be at least 10 meters between each starting line, distance to be adapted to the size of the teams.
 - 14.2.4. Eventual team assistants shall leave the starting area by 30 seconds before the start, except the last starting line. At the moment of the start, these assistants shall stand stock still and face the starting teams.
 - 14.2.5. Start signal is given by the starter with two flags and a marker showing a big 1(one). The size and the colors of the marker shall be as such, that the figure 1 is clearly visible for all competitors
 - 14.2.6. The starter stands in front of the starting area so that all starting participants are able to see the starter.
 - 14.2.7. Starting order is given in the following way:
 - 14.2.7.1. One minute before the start a sign "1" is shown.

- 14.2.7.2 Thirty (30) seconds before the start, the starter's arms are to be positioned with the flags over the head.
- 14.2.7.3 Fifteen (15) seconds before the start, the starter's arms are to be positioned with the flags in a horizontal position.
- 14.2.7.4 The rapidly lowering of starter's arms with the flags is the start signal.
- 14.2.8 If a team starts too early, it shall get a time penalty of 30 seconds.
- 14.2.9 A race judge is responsible for checking the violations. There shall be at least two race officials to check the starting line and at least two at the end of the starting chute tracks.
- 14.3 Pursuit start
 - 14.3.1 In the first race of the pursuit competition, the starting procedure is the single start procedure.
 - 14.3.2 In the second heat of the pursuit competition, the winner of the first heat starts first, the second ranked starts next, etc. The starting intervals are the same as the differences between the competitors' times from the first race results, rounded off upwards to whole seconds.
- 15. Starting Point and Time
 - 15.1 Starting Point
 - 15.1.1 In Nome Style, the brush bow of the sled should determine the starting point of the team.
 - 15.1.2 In Nordic Style, Canicross and Bikejoring classes, the entire team, with the competitor holding his/her dogs by the collar or the harness shall stay before the starting line until the start signal has been given.
 - 15.1.3 In Dryland scooter and team classes, the front of the scooter or of the rig shall determine the starting point of the team.
 - 15.2 Trail time for all teams shall begin at the scheduled time of departure.
 - 15.3 A team that fails to be in the starting position at its scheduled starting time or within half of the starting interval after the scheduled starting time shall be declared a late starting team, and shall receive a new starting time plus a time penalty of 3 (three) times the starting interval in its class. (Not applicable in Nordic Style, see §63).
 - 15.3.1 A late-starting team shall not be allowed to start until after the last team entered in its class has started, and after the prescribed starting interval.
 - 15.3.2 If more than one team is declared late, those teams shall start in the originally scheduled starting order.
 - 15.3.3 If a team is late to the starting line for its second scheduled time of departure for any one heat, that team shall be disqualified.
- 16. A team not clearing the Starting Chute (minimum distance, 30 meters) prior to the scheduled start of the next team may be disqualified.
- 17. Unless otherwise specified by the Race Marshal, assistance in the Starting Chute shall be allowed.
- 18. Finish
 - 18.1 A team shall have finished the heat when the first dog on the team crosses the finish line. Other timing methods are allowed, but only if **all drivers are officially informed** on the applicable method **before the first start of the race**.
 - 18.2. If a loose team crosses the finish line ahead of its driver, that team shall have finished when the driver reaches the finish line.
 - 18.3. When a dual starting chute is used as a finishing chute, a team may return on either trail.

III. TRAIL RULES

- 19. Following the Trail
 - 19.1 A team and driver shall run the full course as established by the race-giving organization.
 - 19.2 If a team leaves the trail, the driver shall return the team to the point at which they left the trail.
- 20. Driving a Team

- 20.1 Any driver accepting a ride during the race on any vehicle other than his/her own means of transportation, shall be disqualified, unless in case of a loose team or dog.
- 20.2 A driver shall not interfere with a competing team.
- 20.3 Carrying a passenger at any time during the race shall be prohibited unless:
 - 20.3.1 Called for in the conditions of the race.
 - 20.3.2 Giving a ride to a driver in an emergency situation.
- 21. Assistance on the Trail
 - 21.1 All teams may receive similar assistance of any type from officials stationed at designated points along the trail as authorized by the Race Marshal.
 - 21.2 Drivers running in the same heat may assist each other in any manner authorized by the Race Marshal.
 - 21.3 Handler and spectator assistance shall be limited to holding the sled, except in the case of a loose team, or a team so unmanageable as to create a clear and present danger to themselves, other teams or persons.
 - 21.4 No one shall assist a team by willfully pacing it.
- 22. Loose Team and Dogs
 - 22.1 All drivers must assume that a loose team or dog is an endangered team or dog.
 - 22.2 A loose team or dog(s) shall not delay or interfere with another team.
 - 22.3 The driver of a loose team shall overtake his/her team by the quickest means available to ensure the safety of the loose team.
 - 22.3.1 In the event that the driver cannot quickly and safely recover his/her team, the driver must accept assistance, including a ride when available, to recover his/her team. Failure to accept available assistance may result in disqualification of the driver of the loose team. The Race Marshal shall determine if a driver is to be disqualified.
 - 22.3.2 Any person(s) is (are) encouraged to stop and hold a loose team.
 - 22.3.3 All assistance must be reported to the race marshal directly after crossing the finish line. The Race Marshal decides if the team shall be penalized.
 - 22.4 A loose team or dog may resume the trail without penalty provided the team/dog has completed the entire trail and the driver has received only authorized outside assistance.
- 23. Right of Way
 - 23.1 In a dual start, at the end of the chute, and whenever two trails join together, the team with the lead dog farthest ahead shall have the right of way.
 - 23.2 When teams are passing in opposite directions on a single trail:
 - 23.2.1. The team travelling downhill shall have the right of way.
 - 23.2.2. On level terrain, the Race Marshal shall determine and announce, prior to the start of the race, whether the incoming or outgoing team has the right of way.
 - 23.3 In the “no-right-of-way” finishing zone (last 800 m or 150 m, depending on the classes), no team shall have the right of way over a finishing team.
- 24. Passing
 - 24.1 When one team driver intends to pass another team, the passing team driver may request the right of way when the lead dog(s) come(s) within 15 meters of the sled of the overtaken team.
 - 24.2 The overtaken team driver shall make way for the passing team by steering the sled to one side of the trail, slowing his/her team and, if demanded by the overtaking team driver, stopping and keeping the team from moving forward. Stopping is not required in Nordic style classes (see Chapter Three, §69).
 - 24.3 If the passing team becomes tangled or bunched up in the course of the pass, to allow time to untangle and tighten lines, that team’s driver may require the overtaken team driver to remain stopped for up to one (1) minute in Unlimited and Limited Classes involving eight (8) or more dogs, one half (0.5) minute in all other classes.
 - 24.4 Once a team has been passed, that team shall not repass, so long as the driver in front is making an effort to keep his/her team moving forward until,
 - 24.4.1 in Unlimited or Limited Classes involving eight (8) or more dogs, after less than four (4) minutes or 1600 meters.

- 24.4.2 in Limited Classes involving fewer than eight (8) dogs, after no less than two (2) minutes or 800 meters.
- 24.4.3 at any lesser intervals whenever both drivers are in agreement.
- 24.5 After a pass has been completed, a team driver that has been passed need not hold his/her team while the other driver:
 - 24.5.1 repairs gear or
 - 24.5.2 unhooks and transfers a dog or dogs from one position in a team to another position in the team or
 - 24.5.3 goes off the race trail before the above mentioned distance or time interval has elapsed. Loading a dog in the sled constitutes changing a dog's position in the team.
- 24.6 A driver coming upon two or more teams stopped together may pass all such teams after making sure that the passing does not cause any danger for the overtaken teams. The stopped drivers shall make every effort to clear the trail for the moving team(s).
- 24.7 Teams following each other shall maintain an interval of not less than one team length, except when passing or in the "no-right-of-way" Zone.
- 24.8 When a team is overtaken in the No-right-of-way Zone, that team does not have to stop and yield the trail.
- 24.9 No driver shall interfere with a competing team.

IV. CONDUCT

25. Responsibility and Sportsmanship

- 25.1 All drivers shall be responsible for the conduct of their dogs, their designated handler, and themselves whenever in the race area or on the trail.
- 25.2 Common sense and good sportship shall prevail. If the Race Marshal determines that a driver's, handler's or team's conduct at any time in the race area or on the trail is detrimental to the sport/race, that team shall be disqualified.

26. Abuse of Dogs

- 26.1 Abuse of dogs, with or without an implement, shall be prohibited. If a driver, in the opinion of the Race Marshal abuses a dog, that driver shall be disqualified.

V. RULES VIOLATIONS

27. Reports by Race Officials

- 27.1 Race officials shall report overt rule violations to the Race Marshal verbally, in person or by means of communication, immediately or directly following the heat in which the violation occurred. All verbal reports shall be followed by a written report, given to the Race Marshal in principle within one (1) hour of the completion of the concerned heats.
- 27.2 The Race Marshal shall act, at his/her/her discretion, on any overt violations witnessed and reported by race officials. The Race Marshal shall inform the reporting official(s) on his/her decision and possible further action.

28. Reports by Race Contestants

- 28.1 Drivers wishing to report an alleged violation of the rules by another contestant shall notify the Race Marshal or the Race Marshal's representative immediately following the heat in which the incident occurred. Notification may be verbal.
- 28.2 All verbal reports shall be followed with a written report, given to the Race Marshal within one (1) hour of the completion of the participant's heat in which the alleged violation occurred.

29. Protests and Hearings

- 29.1 Any driver implicated in a report of an alleged violation of the rules will be notified of the protest by the Race Marshal and provided access to copies of the written protests as soon as they become available but in all cases before any hearings are conducted.

- 29.2. Said hearing shall be conducted by the Race Marshal.

30. Disciplinary Action.

- 30.1 For violation of any IFSS Regulation, the Race Marshal shall either issue a verbal reprimand, a warning or disqualify the driver and team from the race.

- 30.2 No other disciplinary action shall be imposed, unless specifically defined in the Race Rules or Race Procedures.
- 30.3 Decisions shall be announced as promptly as practical but no later than four (4) hours prior to the start of any ensuing heat(s).
- 30.4 Any disciplinary action following the final heat of the race shall be acted upon prior to the awards ceremony.
- 30.5 In the case of drug testing, the above time schedule does not apply to allow for laboratory findings and hearings, should the latter become necessary. No disqualification or other action will be taken against any contestant for alleged drug infractions pending the results of said tests.
- 31. The decisions of the Race Marshal shall be final unless promptly appealed to the IFSS Appeals Jury in cases concerning a contestant's further participation in the event.
- 32. Appeals Jury at World Championships
 - 32.1 Any decision of the Race Marshal affecting a contestant's participation in the event may be appealed to the IFSS Appeals Jury. Such appeal must be made as soon as practical following the official rendering of the decision. The appeal must be in writing in the English language and shall state the alleged infraction, the decision reached, the penalty imposed and what the contestant believes to be incorrect or unfair.
 - 32.2 In World Championship events, the Appeals Jury shall consist of either three or five members depending on the number of IFSS officials assigned to take part (either one or two officials, appointed by the IFSS President) on the jury. The other members of the jury will be national team leaders elected to serve on the jury by the other national team leaders.
 - 32.2.1 If two IFSS officials are appointed, then three team leaders will be elected.
 - 32.2.2 If only one IFSS official is appointed, then only two national team leaders will be elected.
 - 32.2.3 The two national team leaders receiving the next highest amounts of votes cast after those elected will serve as alternates in case one or more of the team leaders on the jury are required to decline their appointment due to a potential conflict of interest in any specific appeal.
 - 32.2.4 The team leader members shall be elected by a secret vote of all team leaders. All team leaders are in principle eligible and no nominations will be held prior to the voting. All team leaders will receive a ballot with a place for either two or three names to be filled in. Team leaders may vote for themselves but may only cast one vote for any single name. The team leaders with the highest number of votes will fill the positions on the jury followed by the alternate positions.
 - 32.2.5 The President shall designate which IFSS official is to serve as the chair of the Appeals Jury.
 - 32.3 Any appeal from a decision of the Appeals Jury during a World Championship must be made directly to the International Court of Arbitration for Sport. There will be no stay of the decision of the Appeals Jury pending any appeal to the International Court of Arbitration for Sports.
- 33. Appeals Jury at events other than World Championships
 - 33.1 In events other than the World Championships, it is left to the choice of the organizer whether or not to implement a similar Appeals Jury. In last instance, the decision may be appealed via the applicable governing body of the member organization.
- 34. Appeals Jury investigation and decision
 - 34.1 The jury shall conduct a new and independent investigation into the allegations.
 - 34.2 The jury will render a decision following secret deliberations. They may affirm, overturn or modify the decision of the Race Marshal in any way necessary to achieve a correct and just outcome.
 - 34.3 The jury will announce its decision as soon as possible so as not to interfere with the subsequent heats of the affected class.

CHAPTER TWO

Special Rules for Nome style Sprint and Distance Classes

I. ENTRY RULES

35. Eligibility

35.1 Size of Teams in Sprint classes

- 35.1.1 An Unlimited Class Team (SpU) shall consist of not less than seven (7) dogs in the first heat and not less than five (5) dogs in any subsequent heat.
- 35.1.2 A Limited Ten-Dog Class Team (Sp10) shall consist of no more than ten (10) dogs, not less than seven (7) dogs in the first heat and not less than five (5) dogs in any subsequent heat.
- 35.1.3 A Limited Eight-Dog Class Team (Sp8) shall consist of not more than eight (8) dogs, and not less than five (5) dogs.
- 35.1.4 A Limited Six-Dog Class Team (Sp6) shall consist of not more than six (6) dogs, and not less than four (4) dogs.
- 35.1.5 A Limited Four-Dog Class Team (Sp4) shall consist of not more than four (4) dogs, and not less than three (3) dogs.
- 35.1.6 After the first heat and each ensuing heat, a driver may voluntarily reduce the size of the team, subject to class minimums.
- 35.1.7 The Race Marshal may reduce the size of any team that s/he determines is too large for the designated driver.

35.2 Size of teams in Distance classes

- 35.2.1 6-dog Mid-Distance class Team (MD6) shall consist of not more than six (6) dogs and not less than four (4) dogs.
- 35.2.2 12-dog Mid-Distance class Team (MD12) shall consist of not more than twelve (12) dogs and not less than eight (8) dogs in the first heat and not less than seven (7) dogs in any subsequent heat.
- 35.2.3 A Limited 8-dog Long Distance Class Team (LD8) shall consist of not more than eight (8) dogs and not less than six (6) dogs in the first heat and not less than five (5) dogs in any subsequent heat.
- 35.2.4 An Unlimited Long Distance Class (LDU) Team shall consist of not less than eight (8) dogs in the first heat and not less than seven (7) dogs in any subsequent heat.

35.3 Additional and optional rules:

- 35.3.1 At the option of the organization, each driver may have a rotation pool of dogs to choose from before each stage to meet the minimum/maximum requirements set for the class. The organization shall define the maximum number in the pool for each concerned class.
- 35.3.2 Each driver shall declare all the dogs included in his/her rotation pool. A driver may not exchange or add dogs once his/her pool of dogs has been declared and marked.
- 35.3.3 A race-giving organization may impose additional rules to meet requirements unique to local conditions.

36. Equipment

36.1 Harnesses and Lines

- 36.1.1 All dogs shall be harnessed in single or double file.
- 36.1.2 All harnesses shall be well fitting and at least be padded around the neck and chest area. They shall be made from flexible fabrics.
- 33.1.3 All dogs shall be fastened to the tug line by a neck line and a tail line with the exception of the leader(s), who may run without a neck line.
- 33.1.4 A snub line but may be carried on the sled but it shall not be used in any other manner than to tie down and hold the sled.

36.2 Sleds

- 36.2.1 A sled shall be capable of adequately carrying the driver and in case of emergency a passenger, and have a basket with a hard bottom capable of safely carrying a dog.
- 36.2.2 A sled shall be equipped with an adequate brake an adequate rubber braking pad fastened to the sled via a solid tip-up system, brushbow, snowhook and an adequately ventilated dog bag.

- 36.2.3 Sleds may be replaced between heats/stages and at designated checkpoints (Distance races).
- 36.3 Helmets and other safety equipment
 - 36.3.1 For junior class participants, with the exception of Nordic style and Canicross classes, a helmet is mandatory. For all classes, with the same exception as above, helmets are strongly advised.
 - 36.3.2 The Race Organizer may mandate additional special rules for safety equipment.
- 36.4 Other equipment

At the option of the organizer, additional mandatory equipment may be dictated. The race invitation shall list the equipment.

II. TRAIL RULES

37. Driving a Team

- 37.1 A driver may ride the sled, pedal or run as wished.
- 37.2. All dogs starting the heat shall complete the entire course, either hitched in the team or carried on the sled.
- 37.3. A dog becoming unfit after departure shall be carried on the sled to the finish unless specific drop checkpoints have been prepared along the trail and announced.
 - 37.3.1. A dropped dog shall be fastened by a chain or cable to hold it in place until it is picked up by an authorized person.
 - 37.3.2. Dropped dogs shall be disqualified to compete in the remainder of the race, unless the driver dropped a pool dog or dogs, at his/her discretion and according to the requirements as per the rules. In this case, the driver, on his/her own discretion, may use dogs dropped by himself/herself again, provided the dogs are in good health. However, sick or injured dogs have to be reported to a race veterinarian.

CHAPTER THREE NORDIC STYLE

Special rules for pulka classes, skijoring and Nordic relays

I. ENTRY RULES

- 38. At the option of the race giving organization, competitions may be held in the following disciplines:
 - 38.1 1-dog and 2-dog Skijoring
 - 38.2 1-dog and 1-4 dog Pulka
 - 38.3 Combined race with skijoring and pulka stages.
 - 38.4 Relay with all legs in pulka style, skijoring or mixed.
- 39. The classes (except relay) shall be divided by men and women if there are at least 5 participants in the class. In case there are less than 5 participants per class in the separate classes, men and women classes could be combined in one class.
- 40. In multiple dog class, the drivers may reduce their team if wanted. If the team is reduced, the driver may not add that dog back in subsequent stages (unless authorized otherwise by the Race Marshal or in supplementary regulations.). A participant is allowed to reduce the team only between stages.
- 41. The Race Marshal may reduce the size of any team determined to be too large for the designated driver.

II. SKIJORING

- 42. A Skijoring team consists of a competitor, racing solely on skis and being connected to one or two harnessed dogs via a snub line.
- 43. Classes

At the option of the race giving organization, competitions may be held in the following classes:

 - 43.1 One Dog Class Skijoring Men for competitors from 19 years and above. (NMS1)
 - 43.2 One Dog Class Skijoring Women for competitors from 19 years and above. (NWS1)
 - 43.3 One Dog Class Skijoring Junior Men for competitors from 17 to and including 20 years. (A 19 or 20 year-old competitor may choose to run in the senior class instead). (MNSJ)

- 43.4 One Dog Class Skijoring Junior Women for competitors from 17 to and including 20 years. (A 19 or 20 year-old competitor may choose to run in the senior class instead). (NWSJ)
- 43.5 Two Dog Class Skijoring Men for competitors from 19 years and above. (NMS2)
- 43.6 Two Dog Class Skijoring Women for competitors from 19 years and above. (NWS2)
- 43.7 Children's classes with competitors being younger than per §2.1.3. and 2.1.4. may also be held with One-dog team only.

44. Equipment

- 44.1 All dogs shall be harnessed in a single file or in pairs and shall be attached to the driver by a snub line with shock absorber at all time.
- 44.2 The snub line shall be attached to the driver by a hip belt (at least 7 cm wide over the spine). The belt shall have an open hook in order to make it easy to release the line, or a quick release connection (panic-snap).
- 44.3 It is prohibited to have any form of metal hook or ring at the driver's end of the line.
- 44.4 The length of the expanded snub line should be a minimum of 2.5 meters and a maximum of 3.5 meters.
- 44.5 A neckline may be used in two-dog classes.
- 44.6 Only cross-country skis without steel edges or sharp tips and non-dangerous for the dog(s) may be used.
- 44.7 The equipment shall be available for inspection by the race officials before and after the race.
- 44.8 All entrants shall be responsible for seeing that their equipment meets the requirement of these rules.

45. Start, trail and finish rules.

(See the Common rules for Nordic races: § VI. Start Rules; §VII. Trail Rules; §VIII. Finish rules)

III. PULKA

46. A Pulka team consists of a competitor, racing solely on skis and being connected with a pulka pulled by harnessed dog(s).

47. Classes

At the option of the race giving organization, competitions may be held in the following classes:

- 47.1 One Dog Class Pulka Men for competitors from 19 years and above. (NMP1)
- 47.2 One Dog Class Pulka Women for competitors from 19 years and above. (NWP1)
- 47.3 One Dog Class Pulka Junior Men for competitors from 17 to and including 20 years. (A 19 or 20 year-old competitor may choose to run in the senior class instead). (NMPJ)
- 47.4 One Dog Class Pulka Junior Women for competitors from 17 to and including 20 years. (A 19 or 20 year-old competitor may choose to run in the senior class instead). (NWPJ)
- 47.5 One-Four Dog Class Pulka Men for competitors from 19 years and above. (NMP4)
- 47.6 One-Four Dog Class Pulka Women for competitors from 19 years and above. (NWP4)

48. Equipment

- 48.1 All dogs shall be harnessed in a single file.
- 48.2 The pulka shall be:
 - 48.2.1 Connected with two solid shafts to the harness(es) so that it is not possible for the sled to overrun a harnessed dog;
 - 48.2.2 So constructed that the ski runners are between the shafts and do not create any risk of harming the dog(s).
 - 48.2.3 Equipped with the possibility of fastening the load securely;
 - 48.2.4 Equipped with a brake, if there are two or more dogs in the team;
 - 48.2.5 Equipped with a snub line with shock absorber.
- 48.3. The total load to be carried shall be:
 - 48.3.1 For a one (1) dog team the total load to be carried shall be: weight of the dog (adjusted upward to the nearest kilo) x 0.7. The Pulka weight is adjusted upward to the nearest half kilo.

- 48.3.2 For a two (2) dog team the total load to be carried shall be: the gross weight of the dogs (adjusted upward to the nearest kilo) x 0.7. The Pulka weight is adjusted upward to the nearest half kilo.
 - 48.3.3 For a three (3) dog team the total load to be carried shall be: the gross weight of the dogs (adjusted upward to the nearest kilo) x 0.6. The Pulka weight is adjusted upward to the nearest half kilo.
 - 48.3.4 For a four (4) dog team the total load to be carried shall be: the gross weight of the dogs (adjusted upward to the nearest kilo) x 0.5. The Pulka weight is adjusted upward to the nearest half kilo.
 - 48.4 The load consists of: pulka, shafts, harness(es), lines and the additional weight.
 - 48.5 The additional weight shall be furnished by the participant him/herself.
 - 48.6 The snub line shall be attached to the driver by a hip belt (at least 7 cm wide over the spine). The belt shall have an open hook in order to make it easy to release the line or a quick release connection (panic-snap).
 - 48.7 Only cross-country skis without steel edges or sharp tips and non dangerous for the dog(s) may be used.
 - 48.8 The equipment shall be available for inspection by the race officials before the race, and for inspection and pulka weight control after the race.
 - 48.9 All entrants shall be responsible for seeing that their equipment meets the requirement of these rules.
49. Start, trail and finish rules.
(See the Common rules for Nordic races: §VI. Start Rules; §VII. Trail Rules; §VIII. Finish rules)

IV. COMBINED RACE

50. Combined race is a Nordic style event consisting of one heat with pulka and one heat with skijoring, run by the same team.
51. Classes
At the option of the race giving organization, competitions may be held in the following classes:
- 51.1 One Dog Class Combined Men for competitors from 19 years and above. (NMC)
 - 51.2 One Dog Class Combined Women for competitors from 19 years and above. (MWC)
 - 51.3. One Dog Class Combined Junior Men for competitors from 17 to and including 20 years. (A 19 or 20 year-old competitor may choose to run in the senior class instead). (NMCJ)
 - 51.4 One Dog Class Combined Junior Women for competitors from 17 to and including 20 years. (A 19 or 20 year-old competitor may choose to run in the senior class instead). (NWCJ)
52. Equipment
(See the Equipment Rules for Skijoring §44 and Pulka §48.)
53. Start, Trail and Finish rules
At the option of the Organizer the combined race may be held in two different variations:
- 53.1 Mass start and pit-stop
 - 53.1.1 The start of the first heat is regulated by the Mass start Rules as per §64. After the first heat the competitors go directly into a pit-stop at the change over-area (see §54) and change to skijoring.
 - 53.1.2 The total race time is the time from the start of the mass start until the participators cross the finish line after the second heat.
 - 53.2 Pursuit race
 - 53.2.1. After the first heat, the competitors have a rest. The duration of the rest is determined by the Organizer. Pursuit start Rule §65 defines the start order of the second heat.
 - 53.2.2. The total race time is the sum of the results of the two heats.
 - 53.3. Trail Rules (see the Common §VII: Trail Rules for Nordic races).
 - 53.4. Finish Rules (see the Common §VIII: Finish Rules for Nordic races).
54. Combined Change-over Area (See drawing below for example)
- 54.1. The change-over area shall be a marked area, length approximately 20-50 meters, width approximately 15 meters. It begins at the finish line and ends at a marked line across the trail.

- 54.2. The dog is to be held by the shaft or harness in the change-over area.
- 54.3 The participant shall change equipment from pulka to skijoring (or on the contrary) in his/her designated pit and leave all equipment in that pit.
- 54.4 It is not allowed for the participants to receive any help in the change-over area.

V. NORDIC RELAY

- 55. A relay race is a one-day competition, which involves relay teams of at least three participants.
- 56. At the option of the race giving organization, the relay will include stages of:
 - 56.1 pulka only,
 - 56.2 skijoring only,
 - 56.3 mixed skijoring and pulka. In that case the race giving organization will specify in advance which legs of the relay will be run in each discipline.
- 57. Each participant runs the trail once. After the finish line the participant changes over to the next participant in the relay team, who may then start.
- 58. The relay team that reaches the finish line first after all stages is the winner of the relay competition.
- 59. Relay Team
 - 59.1 The participants in a relay team shall in principle be representatives of the same organization or country. At the option of the race giving organization, a mixed team of organizations or countries may be allowed full participation, but they shall never be awarded with titles and the corresponding prizes at IFSS World Championships.
Note: National organizations are, during their events, at all times free to decide on awarding mixed teams.
 - 59.2 Only one-dog teams are allowed in relay races.
 - 59.3 Each Relay team may consist of men, women and juniors.
 - 59.4 Separate relay competition may be organized for men, women and juniors.
- 60. Relay Entries
 - 60.1 The name of the participants in each relay team and the order in which they start shall be handed over to the race office at least 60 minutes before the start or otherwise as timely informed by the race marshal.
- 61. Areas for Start, Trail, Change-Over and Finish in Relay Race (See drawing below for example of change-over area)
 - 61.1 Starting, change-over and finish area do not have to be the same location.
 - 61.2 Relay Starting area meets the requirements for the mass start area (see the Common Mass start Rules for Nordic Style §64).
 - 61.3 The Trail of the Relay Race meets the requirements for the common trail rules (see the Common Trail Rules for Nordic Style §VII).
 - 61.4 Relay Change-Over Area
 - 61.4.1 The change-over area shall be a marked area, length approximately 20-50 meters, width approximately 15 meters. It is to be preferred that the change over area is made at an angle to the incoming trail (see examples attached).
 - 61.4.2 The change-over area begins at the finish line and ends at a marked line across the trail.
 - 61.5 Change-over procedure
 - 61.5.1 A race official shall give a signal (e.g. the speaker announcing the starting number) to every team leader or assistant when an incoming team is approximately 1 km from the change-over area.
 - 61.5.2 The signal has to be clear for the team leaders or assistants, who shall be located at a special sector of the change-over area.
 - 61.5.3 An incoming participant shall release the dog as soon as the dog has passed the finish line.
 - 61.5.4 The team assistant should take charge of the dog.

- 61.5.5 The participant continues into the change-over area and touches the next participant of his/her team with his/her hand.
- 61.5.6 The change-over shall take place within the change-over area. A race official shall control the change-over.
- 61.5.7 It is not allowed for participants to receive any help in the change-over area except as already provided for in §61.5.4 above.
- 61.6 Relay Finish rules meet the requirements for the common Finish rules (see the Common Finish Rules for Nordic Style §VIII.).

62. Relay Timing

- 62.1. Time is measured from the starting order “Go” until the last participant of the team crosses the finish line.
- 62.2. Time is also measured the moment each individual participant passes the finish line. Therefore, it is advised to equip relay teams with bibs, which mention, besides the team number, also the starting position of each individual team member (e.g. 1¹·1² etc.)

VI. COMMON START RULES FOR NORDIC RACES

63. Individual Start Rules

- 63.1. Individual Start chute is a specified stretch of the trail from the starting line, minimum 30 meters length and 4 meters width.
- 63.2. The competitor and the dog(s) shall wait behind the starting line until the start signal has been given.
- 63.3. The starting interval between the participants shall be 30 seconds or 1 minute.
- 63.4. If the team starts before the start signal is given, it will be called back for a proper start. This start will be allowed as soon as possible, but cannot take place within 10 seconds before or within 10 seconds after another team’s scheduled start.
- 63.5. If the team is late to the start, it will be allowed to start whenever it is ready, except for ten seconds before or after another starting team
- 63.6. In both cases, the time shall be kept as if the team had started on time, but the starter shall make a note of the real starting time.

64. Mass start:

- 64.1. See General rules §14.2 for Mass Start general rules with the following additional rule:
- 64.2. The competitors must lead their dogs by the shackle or harness along the starting track and must keep skis and poles parallel.
- 64.3. If a competitor does not hold his/her dog as instructed in §64.2, s/he shall get a warning. If, in this situation, another competitor had to stop or was delayed, the offender should be disqualified.

65. Pursuit start

- 65.1. In the first heat of the pursuit competition, the starting procedure is in accordance with race rule §63.above.
- 65.2. The competitor and the dog(s) shall wait behind the starting line until the start signal has been given.
- 65.3. See General rules §14.3 for Pursuit start general rules.

VII. COMMON TRAIL RULES FOR NORDIC RACES

- 66. The driver shall follow his/her dog(s) on skis
- 67. The driver is not allowed to pace the dog(s) by running ahead of the team.
- 68. Pulling the dog or forcing the dog to move forward by any means is strictly forbidden. Assisting the dog(s) by pulling or pushing the Pulka is permitted. Assistance in watering or feeding dogs is permitted. The race Marshal shall designate specific spots on the trail where such help may be given.
- 69. During the overtaking procedure on the command “TRAIL,” the overtaken team shall make way for the passing team by moving on behind the dog(s) on the same side of the trail, shall not be skating and shall keep the skis and poles parallel to the trail.
- 70. If a dog becomes unfit or stops advancing for any reason, the competitor is not permitted to finish the heat.

71. The trail for individual start should be 4 meters wide and the last 150m should be 6 meters wide.
The trail for mass start should be 6 meters wide and the last 150m should be 8 meters wide.

VIII. COMMON FINISH CHUTE FOR NORDIC STYLES

72. A marker, placed 150 meters before the finish line defines the “no-right-of-way” finishing zone in which the Nordic style driver and his/her dog are obliged to hold the same side of the trail and no team shall have the right of way over a finishing team. The passing procedure, as per §69 above is no longer applicable

CHAPTER FOUR DRYLAND STYLE

(Adopted September, 2007)

I. ENTRY RULES

73. Entry Rules

- 73.1 At the option of the race-giving organization, competitions may be held in the following disciplines:
- 73.1.1 Canicross,
 - 73.1.2 Bikejöring one dog,
 - 73.1.3 1 and 2-dog Scooter,
 - 73.1.4 4-, 6-, 8-dog team,
 - 73.1.5 Relay in canicross and/or bikejöring.
- 73.2 In multiple dog class for races over two or more stages, the drivers may reduce their team if wanted within the limits defined in §61 below. If the team is reduced, the driver may not add that dog back in subsequent stages. A participant is allowed to reduce the team only between stages or at designated dog drop points.
- 73.3 The Race Marshal may reduce the size of any team determined to be too large for the designated driver.
- 73.4 Any dog having raced in one class of a dryland race shall not be eligible to race in a second class on the same day, unless the second class is canicross.

II. CANICROSS

74. Canicross

A Canicross team consists of a competitor, racing solely on foot, and one dog.

74.1 Classes

At the option of the race giving organization, competitions may be held in the following classes:

- 74.1.1 Canicross junior men (DCMJ) and Canicross Junior women (DCWJ) for competitors from 14 until and including 16 years of age (Note 1).
- 74.1.2 Canicross senior men (DCM) and Canicross senior women (DCW) for competitors from 17 until and including 39 years of age and older (Note 1).
- 74.1.3 Canicross veteran men (DCMV) and Canicross veteran women (DCWV) for competitors from 40 years of age and older (Note 1). A competitor shall not run in both senior and veteran classes during the same event.
- 74.1.4 Relay competitions with women and men teams for competitors from 14 years of age.
- 74.1.5 Children classes with competitors being younger than per §74.1.1 above may also be held.

74.2 Equipment

- 74.2.1 The dog shall be attached to the driver by a snub line with shock absorber at all time. The snub line shall be attached to the driver by a hip belt (at least 7 cm wide over the spine). It is prohibited to have any form of metal hook or ring at the driver’s end of the line. This snub line shall not exceed 2.5 meters in length at rest.
- 74.2.2 The competitor shall not be wearing shoes that could be dangerous for dogs. Shoes with metal spikes are strictly forbidden. “Orienteering shoes” are acceptable.

74.3 Start, Trail and Finish Rules

- 74.3.1 The competitor and the dog shall wait behind the starting line until the start signal has been given.
- 74.3.2 The driver shall not pace the dogs by running ahead of or force the dog to run in any way.
- 74.3.3 Pulling the dog or forcing the dog to move forward by any means is strictly forbidden.
- 74.3.4 If a dog becomes unfit or refuses to advance for any reason, the competitor is not permitted to finish the heat.
- 74.3.5 During the overtaking procedure, the overtaken team shall make unimpeded way for the passing team. On the command "TRAIL," the participant and the dog are obliged to hold the same side of the trail and slow down.
- 74.3.6 If a mass start is organized, all the competitors of the same class shall wait together behind the starting line holding their dog by the collar or the harness. If they cannot all stay on one line, they shall set more lines as required. Seeded competitors, if any, shall stay on the first line(s) ahead of the non-seeded competitors.
- 74.3.7 Finish rules: See Race Rules, Chapter One, II.18.

III. BIKEJÖRING

75. Bikejöring One Dog

A Bikejöring one dog team consists of a driver pedalling a bicycle and one dog.

75.1 Classes

At the option of the race giving organization, competitions may be held in the following classes:

- 75.1.1 Bikejöring senior men (DBM) and Bikejöring senior women (DBW) for competitors from 16 until and including 39 years of age and older (Note 1).
- 75.1.2 Bikejöring veteran men (DBMV) and Bikejöring veteran women (DBWV) for competitors from 40 years of age (Note 1). A competitor shall not run in both senior and veteran classes during the same event.

75.2 Equipment

- 75.2.1 The dog shall be attached to the bicycle or to the driver by a snub line with shock absorber not to exceed 2.5 meters at rest in front of the bike. If the line is attached to the driver, it should be by a hip belt (at least 7 cm wide over the spine). It is prohibited to have any form of metal hook or ring at the driver's end of the line.
- 75.2.2 The bicycle shall be equipped with an efficient brake on each wheel.
- 75.2.3 All drivers must wear a helmet approved by a national test registry. Wearing gloves is recommended.

75.3 Start, Trail and Finish Rules

- 75.3.1 The front wheel of the bicycle shall determine the starting point of the team and shall stay before the starting line until the start signal has been given.
- 75.3.2 The driver shall not pace the dog by driving ahead.
- 75.3.3 Pulling the dog or forcing the dog to move forward by any means is strictly forbidden.
- 75.3.4 If a dog becomes unfit or refuses to advance for any reason, the driver is not permitted to finish the heat.
- 75.3.5 During the overtaking procedure, the overtaken team shall make unimpeded way for the passing team. On the command "TRAIL," the participant and the dog are obliged to hold the same side of the trail and stop pedaling.
- 75.3.6 Finish rules: See Race Rules, Chapter One, II.18.

IV. SCOOTER

76. Scooter

76.1 Classes

At the option of the race giving organization, competitions may be held in the following classes:

- 76.1.1 Scooter one dog (DS1) for competitors 16 years and older (Note 1).

- 76.1.2 Scooter 2 dogs (DS2) for competitors 16 years and older (Note 1).
- 76.1.3 A Scooter team consists of a driver riding a two-wheeled scooter-type vehicle pulled by one or two dogs.
- 76.1.4 Bicycles without pedal mechanisms and bicycles with the pedal mechanisms blocked will be allowed.
- 76.1.5 Light three-wheeled rigs will be allowed in the Scooter 2-dog class.
- 76.2 Equipment
 - 76.2.1 The dog shall be attached to the scooter by a snub line with shock absorber not to exceed 2.5 meters at rest in front of the scooter.
 - 76.2.2 The scooter shall be equipped with an efficient brake on each wheel.
 - 76.2.3 The minimum wheels diameter shall be 12 inches (30 cm).
 - 76.2.4 All drivers must wear a helmet approved by a national test registry. Wearing gloves is recommended.
- 76.3 Start, Trail and Finish Rules
 - 76.3.1 The front wheel of the scooter shall determine the starting point of the team and shall stay before the starting line until the start signal has been given.
 - 76.3.2 The driver shall ride the scooter behind his/her dogs.
 - 76.3.3 If a dog becomes unfit or refuses to advance for any reason, the driver is not permitted to finish the heat.
 - 76.3.4 During the overtaking procedure the overtaken team shall make unimpeded way for the passing team. On the command "TRAIL," the participant and the dog are obliged to hold the same side of the trail and slow down. On the command "STOP," the overtaken team is obligated to stop moving forward.
 - 76.3.5 Finish rules: See Race Rules, Chapter One, II.18.

V. TEAM CLASSES

77. Team Classes

77.1 Classes

At the option of the race giving organization, competitions may be held in the following classes:

- 77.1.1 **4-Dog Junior team (DR4J):** A limited Four-Dog Junior team shall consist of not more than four (4) dogs and not less than two (2) dogs for competitors from 14 until and including 16 years of age (Note 1).
- 77.1.2 **4-Dog team (DR4):** A limited Four-Dog team shall consist of not more than four (4) dogs and not less than two (2) dogs for competitors from 17 years of age (Note 1).
- 77.1.3 **6-Dog team (DR6):** A limited Six-Dog team shall consist of not more than six (6) dogs and not less than four (4) dogs for competitors from 17 years of age (Note 1).
- 77.1.4 **8-Dog team (DR8):** A limited Eight-Dog team shall consist of not more than eight (8) dogs and not less than six (6) dogs for competitors from 17 years of age (Note 1).

77.2 Equipment

- 77.2.1 All dogs shall be harnessed in single or double file.
- 77.2.2 All dogs shall be fastened to the tug line by a neck line and a tail line. Lead dogs may run without a neckline.
- 77.2.3 The rig in 4-Dog class may either have three (3) or four (4) wheels. The rig in the other classes shall have four (4) wheels. The minimum wheels diameter shall be 12 inches (30 cm).
All rigs shall be equipped with:
 - 77.2.3.1 An efficient brake on the back wheels. Having brakes in the front wheels is recommended.
 - 77.2.3.2 A locking brake (handbrake) which can be blocked.
 - 77.2.3.3 Sufficient drop chains or cables to tether dogs at the dropping check points.
 - 77.2.3.4 All drivers must wear a helmet approved by a national test registry. Wearing gloves is recommended (Note 2).

- 77.2.4 The following weights are recommended minimums for rigs:
 4-Dog class: 25 kg
 6-Dog class: 35 kg
 8-Dog class: 45 kg
 Independent from the above-mentioned weights, rigs shall be well and safely constructed, adapted to the number of dogs in the team, be stable and shall, as much as possible, guarantee the safety of dogs and drivers.
- 77.3 Start, Trail and Finish Rules
- 77.3.1 The front wheel(s) shall determine the starting point of the team and shall stay before the starting line until the start signal has been given.
- 77.3.2 The driver may ride the rig, pedal or run as wished.
- 77.3.3 The driver shall not pace the dogs by running ahead or force the dog to run in any way.
- 77.3.4 Dog drop check points shall be provided at least every 3 km and may be combined with normal check points. They shall be equipped with a stake-out and water. Dogs dropped at check points shall not be allowed to start in succeeding heats. If no possibilities are provided to drop dogs and a dog becomes unfit or refuses to advance for any reason, the driver is not permitted to finish the heat. For safety reasons, the transport of a dog on the rig is strictly forbidden in all classes.
- 77.3.5 During the overtaking procedure the overtaken team shall make unimpeded way for the passing team. On the command "TRAIL," the overtaken team is obliged to hold the same side of the trail and slow down. On the command "STOP," the overtaken team is obligated to stop movement forward. § 23 of Chapter One, III Trail Rules applies.
- 77.3.6 Finish rules: See Race Rules, Chapter One, II.18.

VI. RELAY

78. Relay

- 78.1 The Dryland Relay is a one-day competition and consists of minimum 2 legs.
- 78.2 The Relay may be:
- 78.2.1 Canicross Relay: Each Relay team may consist of men and women, seniors and juniors.
- 78.2.2 Mixed Relay: The Relay legs are canicross and bikejöring or scooter. The bikejöring or scooter must be the last leg only. Each Relay team may consist of men and women, seniors and juniors (only for the canicross team member(s)).
- 78.2.3 Separate relay competition may be organized for men, women and juniors.
- 78.3 Each participant and each dog shall run the trail only once. After the finish line, the participant changes over to the next participant in the relay team, who may then start.
- 78.4 The relay team that reaches the finish line first after all legs is the winner of the relay competition.
- 78.5 Relay Team
- 78.5.1 The participants in a relay team shall be representatives of the same organization or country. At the option of the race giving organization, a mixed team of organizations or countries may be allowed, but these teams are not part of the official result list.
- 78.5.2 Only one-dog teams are allowed in relay races.
- 78.6 Relay Entries
- 78.6.1 The name of the participants in each relay team and the order in which they start shall be handed over to the race office at least 76 minutes before the start or any other time schedule defined by the organization.
- 78.7 Areas for Start, Change-Over and Finish in Relay Race
- 78.7.1 Starting, change-over and finish area do not have to be the same location.
- 78.7.2 Starting area:
- 78.7.2.1 The starting area will be the same as for a canicross mass start.

- 78.7.2.2 The length of the starting tracks should be at least 50 meters and shall end at a marked line.
- 78.7.3 Relay Change-Over Area
 - 78.7.3.1 The change-over area should be a marked area, length approximately 10-30 meters, width approximately 10 meters.
It is an advantage that the change-over area is made at an angle to the incoming trail, to avoid the incoming trail's being in the same direction as the outgoing trail.
 - 78.7.3.2 The change-over area begins at the finish line and ends at a marked line across the trail.
- 78.8 Relay Starting Procedure
 - 78.8.1 All participants of the first leg start at the same time.
 - 78.8.2 The participant and the dog stay before the starting line.
 - 78.8.3 The team assistants shall leave the Starting area by 30 seconds before the start.
 - 78.8.4 The participant has to hold the dog by the harness until the start signal.
 - 78.8.5 Start signal is given by the starter with two flags.
 - 78.8.6 The starter stands in front of the starting area so that all starting participants are able to see the starter.
 - 78.8.7 Starting order is given in the following way:
 - 78.8.7.1 One minute before the start a sign "1" is shown.
 - 78.8.7.2 Thirty (30) seconds before the start, the starter's arms are to be positioned with the flags over the head.
 - 78.8.7.3 Fifteen (15) seconds before the start, the starter's arms are positioned with the flags in a horizontal position.
 - 78.8.7.4 "Go," the starter's arms with the flags are rapidly lowered.
- 78.9 Relay Starting Restrictions.
 - 81.9.1 If a participant starts too early, he/she shall get a time penalty of 30 seconds.
- 78.10 Relay Change-Over Procedure
 - 78.10.1 A race official shall give a signal (e.g. the speaker announcing the starting number) to every team leader when an incoming team is not less than 500 meters from the change-over area.
 - 78.10.2 The signal has to be clear for the team leaders, who shall be located along the change-over area.
 - 78.10.3 An incoming participant shall release the dog as soon as the dog has passed the finish line and personally hand over the dog to the team assistant. The dog shall not be let loose at any time. The team assistant should take care of the dog.
 - 78.10.4 The change-over cannot take place until the dog of the incoming team member is held by the assistant.
 - 78.10.5 The participant continues into the change-over area and touches the next participant of his/her team with his/her hand.
 - 78.10.6 The change-over shall take place within the change-over area. A race official shall control the change-over.
 - 78.10.7 The assistant in the change-over area for outgoing participants is allowed only for the bikejoring or scooter leg. Assistants shall not hamper other outgoing participants.
- 78.11 The Trail of the Relay Race
 - 78.11.1 The entire trail should be, and the last 150 meters shall be, sufficiently wide for two bikejoring participants (minimum 6 meters).
- 78.12 Relay Timing
 - 78.12.1 Time is measured from the starting order "Go" until the last participant of the team reaches the finish line.
 - 78.12.2 Time is also measured the moment each individual participant passes the finish line.

VII. DISTANCES

79. The distances: See Race Procedures §98.

VIII. TEMPERATURES

80. Temperatures: See Race Procedures §57 through 59.6.

IX. AGES OF DOGS

81. Ages of Dogs

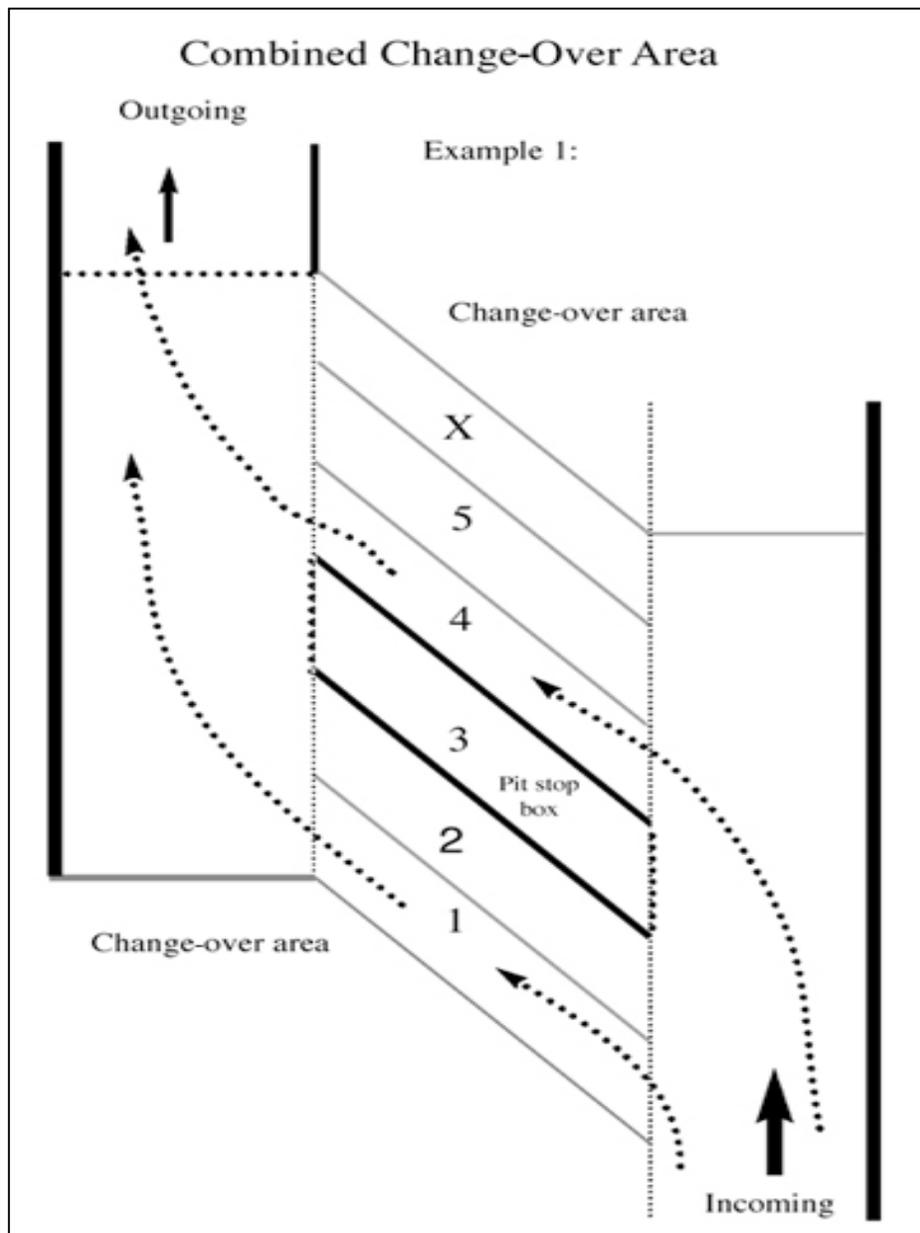

The dogs shall be at least 12 months old on the first day of the competition in the Canicross and Team classes and at least 18 months old in Bikejöring.

Note 1: The age of a competitor is considered the same during a racing season. It is the age the competitor reaches on the 31 December following the end of the racing season.

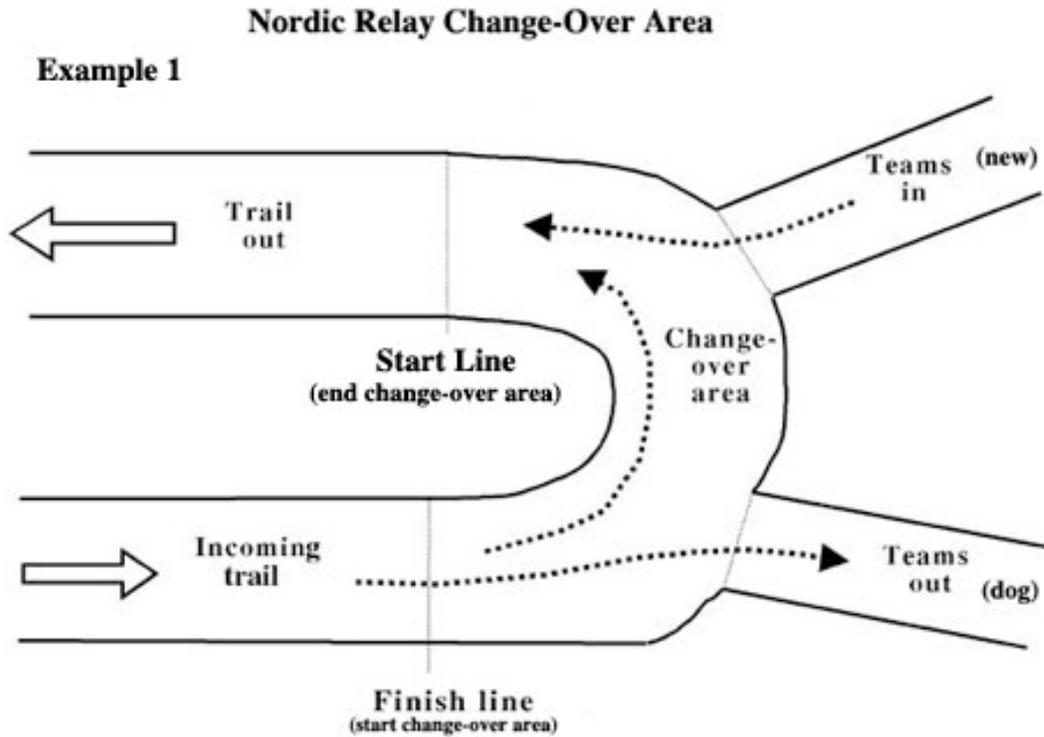

Note 2: The helmet must be approved for bicycle, motorcycle or ski competitions.
